DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7/22/2004 has been entered.

Allowable Subject Matter

2. Claims 1-4, 6-10, 21, 22, 25 and 28-30 are allowed.
3. The following is an examiner's statement of reasons for allowance: Independent claims 1, 8 and 25 recite, inter alia, a fuse structure comprising a continuous conductive inverse-U shaped fuse extending/completely extending through an insulator layer to an underlying wiring layer. The prior art does not teach or fairly suggest the above limitations in combination with other claim limitations nor would it be obvious to modify the references of record so as to make the fuse structure of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
